PROTOTYPE DESIGN – MOBILE VIEW

OBJECTIVE OF LESSONBEE

LessonBee aims to empower teachers by transforming teaching materials into interactive learning resources using AI. The platform enables educators to upload documents and instantly generate presentations, quizzes, lesson plans and test simulations, reducing preparation time and enhancing student engagement through personalized and efficient lesson delivery.

LessonBee  – Your New AI Powered Teaching Assistant

FEATURES OF LESSONBEE

1. Secure Login System

- Login is allowed only with @lessonbee.com domain emails
- Password-protected authentication ensures secure access
- Only verified users can access the platform
- Prevents unauthorized entry into the system

FEATURES OF LESSONBEE

2. OTP Verification

- One-time password (OTP) is sent during login
- Adds an extra layer of security
- Ensures user identity verification
- Prevents unauthorized access attempts

FEATURES OF LESSONBEE

3. Mobile & Desktop Friendly

- Fully responsive design works on all devices
- Optimized user experience for mobile and desktop
- Smooth navigation across different screen sizes
- Consistent performance across platforms

FEATURES OF LESSONBEE

4. Multi-File Upload Support

- Upload multiple files at the same time
- Supports PDF, PPT, and text documents
- Each file is processed individually
- Easy management of uploaded materials

FEATURES OF LESSONBEE

The screenshot displays the LessonBee web application interface. At the top, the header includes the LessonBee logo, a user profile 'HI @TEACHER!', and settings for 'GROUNDING: OFF', 'MATERIALS', and a dark mode toggle. The main content area is divided into three sections. On the left, a sidebar titled 'SYLLABI & MATERIALS' shows a list of uploaded PDFs: 'WATERCYCLE.PDF' and 'ALL-ABOUT-PLANTS.PDF'. The central section displays the content of the selected PDF, 'ALL-ABOUT-PLANTS.PDF', which is a page from the 'Oxford Read and Discover' series, Level 4. The page features a large image of a succulent and text about plants. On the right, a panel titled 'LIVE GEMINI' shows the 'GEMINI 2.5 FLASH' model selected. Below this, there are tabs for 'PLAN', 'QUIZ', and 'SLIDES'. A message box states: 'Welcome to LessonBee! I am configured for Educational Generation. Upload a syllabus or load a demo to get started. Use the tabs below or the sidebar to navigate your curriculum files!'. Below this, a box displays the 'Generated live lesson plan: **The Hydrological Cycle and Ocean Characteristics**'. At the bottom right, there is a search bar labeled 'Ask LessonBee standard queries...'.

5. AI-Powered Content Generation

- Generates lesson notes from uploaded files
- Creates quizzes based on file content
- Produces PPT slides automatically
- Ensures content is strictly based on uploaded data

FEATURES OF LESSONBEE

The screenshot displays the LessonBee web application interface. On the left, a sidebar shows the user profile 'LESSONBEE HI @TEACHER!' and a list of uploaded PDFs: 'WATERCYCLE.PDF' and 'ALL-ABOUT-PLANTS.PDF'. The main area shows the 'ALL-ABOUT-PLANTS.PDF' document, which is a book cover for 'All About Plants' by Julie Penn, published by Oxford University Press. The book is part of the 'Oxford Read and Discover' series, Level 4. The cover features a close-up of a succulent plant. On the right, the 'LIVE GEMINI' chat interface is active, showing a prompt 'Give me a summary of the selected file' and a response summarizing the document's content, including the author, publisher, word count (1,729), and key information about plants.

6. Smart AI Chat Assistant

- Ask questions related to uploaded files
- Provides instant and accurate answers
- Supports doubt clarification for teachers and students
- Context-aware responses based on file content

FEATURES OF LESSONBEE

The screenshot displays the LessonBee web application interface. On the left, there's a sidebar with 'LESSONBEE' branding and a 'SYLLABI & MATERIALS' section containing 'WATERCYCLE.PDF' and 'ALL-ABOUT-PLANTS.PDF'. The main area shows a preview of the 'All About Plants' book cover, which is part of the 'Oxford Read and Discover' series. A dropdown menu is open, showing options: 'MATERIALS', 'VIEW PLAN', 'VIEW SLIDES', and 'VIEW QUIZ'. Below this, a 'GENERATED LESSON PLAN' section is visible, featuring a 'CURRICULUM LESSON PLAN' for 'The Hydrological Cycle and Ocean Characteristics (Multiple Sessions (e.g., 3-4 hours total))'. The lesson plan includes objectives and materials required. A 'DOWNLOAD' button is present in the top right corner of the lesson plan section.

7. Downloadable Outputs

- Download quizzes in usable format
- Export lesson plans easily
- Save PPT slides for teaching use
- Simple one-click download option

FEATURES OF LESSONBEE

The screenshot shows the LessonBee interface. On the left, there's a sidebar with 'LESSONBEE HI @TEACHER!' and options to 'UPLOAD PDF' and 'LOAD QUANTUM DEMO'. Below this, 'SYLLABI & MATERIALS' lists 'WATERCYCLE.PDF' and 'ALL-ABOUT-PLANTS.PDF'. The main area displays the 'ALL-ABOUT-PLANTS.PDF' document, which is an Oxford Read and Discover book titled 'All About Plants' by Julie Penn. The document includes a word count of 1,729 and levels 3, 4, 5, and 6. On the right, the 'EXAM SIMULATOR' is active, showing a 'PLAN' button, a 'QUIZ' button, and a 'SLIDES' button. The 'QUIZ' button is highlighted, and the 'LAUNCH EXAM SIMULATOR' button is also visible.

The screenshot shows the 'VIRTUAL EXAM' interface. At the top right, there's a red 'EXIT TEST' button. The main area displays the 'ALL ABOUT PLANTS QUIZ'. The first question is: '1. According to scientists, approximately how many types of plants are there?'. The options are: [A] Less than 300,000, [B] Exactly 300,000, [C] More than 300,000, and [D] More than two billion. The correct answer, [C], is highlighted in green. Below the options, an explanation states: 'EXPLANATION: SCIENTISTS DON'T KNOW HOW MANY PLANTS THERE ARE, BUT THEY THINK THAT THERE ARE MORE THAN 300,000 TYPES (PAGE 4)'. The second question is: '2. What are the four main parts of a flowering plant?'. The options are: [A] Roots, stems, fruits, and seeds, [B] Leaves, stems, roots, and flowers, [C] Leaves, fruits, flowers, and vegetables, and [D] Pollen, eggs, fruit, and seeds. The correct answer, [B], is highlighted in green.

RESULT: 3 / 3

ACCURACY: 100%

colors and meat-like smells.

***Plants and People:** Plants are crucial to human life, providing food, oxygen, wood for construction and furniture, rubber for items like tires, and ingredients for medicines. They also contribute to fuels like gasoline (from ancient plants and animals) and modern alternatives like ethanol and biodiesel. Plant-based plastics are used in products like cell phones and computers. Additionally, gardening and plants can bring happiness to people.

***Amazing Plants:** The document highlights several unique plants:

- ***Wolffia:** The smallest flowering plant, less than a millimeter long, rootless, grows on water, and is edible.
- ***Venus fly trap:** An insect-eating plant that catches insects with traps containing tiny hairs.
- ***Titan arum:** One of the world's smelliest plants.

The screenshot shows the LessonBee web interface. In the top left, the header includes the LessonBee logo and the text "HI @TEACHER!". Below this, a sidebar contains two buttons: "UPLOAD PDF" and "LOAD QUANTUM DEMO", both highlighted with dashed yellow boxes and enclosed in a red rectangular border. A yellow callout bubble points to the "UPLOAD PDF" button with the text "Click here to Upload the file". The main content area displays a message: "NO SYLLABUS SELECTED" followed by "UPLOAD YOUR COURSE SYLLABUS PDF OR CLICK 'LOAD QUANTUM DEMO' TO EXPLORE." In the top right corner, there are settings for "GROUNDING: OFF", a moon icon for theme, and a red arrow icon for logout, all enclosed in a red rectangular border. A yellow callout bubble points to the red arrow icon with the text "Click here to change the theme or to logout". Below the settings, a yellow callout bubble points to a text input field labeled "Enter Gemini API" with the text "Enter Gemini API". The interface also features a "SYLLABI & MATERIALS" section with a "NO NOTEBOOKS ADDED" message, a "PLAN", "QUIZ", and "SLIDES" section, a "LAUNCH EXAM SIMULATOR" button, and a welcome message: "Welcome to LessonBee! I am configured for Educational Generation. Upload a syllabus or load a demo to get started. Use the tabs below or the sidebar to navigate your curriculum files!". At the bottom, there is a search bar labeled "Ask LessonBee standard queries..." and a small bee icon.
